2027 Class Schedule

Professional Medical Coding Curriculum: Recommended 16 Week Course Schedule

Flexible schedule. The course is available 24 hours a day, 7 days a week. You may study on any days you choose. This recommended schedule keeps you at the required 12 to 15 study hours per week and a pace of at least one chapter per week. **Every week:** complete that week's chapter quiz, practical application and chapter review exam, and submit your Weekly Participation and Attendance Form by Sunday at 11:59 p.m. local time. **To move forward:** you must score 80% or higher on both the chapter quiz and the chapter review exam before the next chapter appears. **Questions:** email support@codingclarified.org. For a coding question, include a screenshot of the full scenario, the rationale and your specific question.

Week	Monday	Tuesday	Wednesday	Thursday	Friday
