

## What's the process in getting approved for the state of Vermont?

1. Find your closest workforce location in your area by visiting the below link:  
<https://labor.vermont.gov/workforce-development/job-centers>

\*\*Scroll down the web-page until you find the closest center to your residence

**NOTE:** Not sure which location to contact? Contact our Workforce Development team at **(802) 828-4394** or by completing our [Jobseeker Inquiry form](#) or [Employer Assistance Form](#)

The screenshot shows the Vermont Department of Labor website. The main heading is "Find A Local Job Center". Below this, there is a paragraph describing the services provided by the regional Job Centers. A highlighted yellow box contains the text: "In person walk-in hours are subject to change - please call your local Job Center location to confirm hours and available appointment times". Below this, there is a map showing the location of the Barre-Montpelier Job Center at 5 Perry Street, #200, Barre, Vermont 05641. The map includes a red pin and a search bar. The website also features a sidebar with various links and a search bar at the top.

2. Contact your closest local workforce and request eligibility screening for a WIOA Grant for training (WRITE DOWN YOUR ASSIGNED CASE WORKERS NAME & EMAIL AS YOU WILL NEED THAT FOR THE NEXT STEP)
3. Click on the link below and complete it to its entirety. This link will create your Proposal & Acceptance letter that you need to provide to your Caseworker.

[Proposal & Acceptance Link](#)

**NOTE: Start Date needs to be at least 2 weeks from today's date**

**NOTE: CIP CODE 51.0713 (Provide this to your Caseworker upon request) Web address to locate CIP for informational purpose: [CIP Code Link](#)**

**Title: Medical Insurance Coding Specialist/Coder.**

**Definition: A program that prepares individuals to perform specialized data entry, classification, and record-keeping procedures related to medical diagnostic, treatment, billing, and insurance documentation. Includes instruction in medical records and insurance software applications, basic anatomy and physiology, medical terminology, fundamentals of medical science and treatment procedures, data classification and coding, data entry skills, and regulations relating to Medicare and insurance documentation.**
