

Minnesota has a **reciprocal recognition policy** that allows residents of Minnesota to enroll in out-of-state training programs like ours under certain conditions. This means you can determine your eligibility for receiving medical coding funding for the Coding Clarified medical coding program.

Minnesota's Department of Employment and Economic Development (DEED) states:

"If the training provider has no physical location in Minnesota and the program is listed on the state ETPL where the training provider is located, and the training relates to in-demand industries in Minnesota, Minnesota will recognize the designation of the state where the training provider is located."

 [View the Minnesota ETPL reciprocity policy here](#)

Because of this reciprocal recognition, Minnesota residents can be approved to use **WIOA funding** to attend our Wisconsin-licensed medical coding program if they meet standard eligibility requirements.

To verify that **Coding Clarified** is a **current approved training provider in Wisconsin**, you can view our listing directly on the Wisconsin ETPL site: [Coding Clarified DWD WI Provider Listing](#)

Next Steps for You

1. **Complete your WIOA eligibility screening** through your local Minnesota CareerForce Center (One-Stop).
 - You can find your local CareerForce Center here: [Career Source Locations](#)
 - When meeting with your caseworker, mention that **Coding Clarified** is an **approved Wisconsin ETPL provider** and eligible under Minnesota's **reciprocity policy**.
 - Provide this link to the policy if they have questions: [Minnesota ETPL Reciprocity Policy](#).
2. **Ask for an eligibility assessment** for the **Adult** or **Dislocated Worker** program under WIOA to see if you qualify for full funding.
3. Once approved, your CareerForce representative can coordinate directly with us to set up your enrollment and invoice for tuition.

If you'd like us to help connect you with your local workforce center or need a letter verifying our Wisconsin ETPL approval, please reply to this email and we'll send it right over.

We're excited to guide you through the process and help you begin your journey toward becoming a **Certified Professional Coder (CPC)**!
